Review from Kay - *I went on their first course in June, just as I had received my new mobile phone and was at a loss as to how to get the best from it. I found the course really useful as I learned about downloading useful 'apps' and using them safely, reading QR codes, accessing and sending emails on my mobile phone, linking to the library and much much more. There were only five of us on the course so we benefited from some individual tuition but also helped each other along and had a laugh doing so - I now know the cheapest way to travel from Darfield to Wakefield Town Hall, how to buy any necessary bus and rail tickets and even where to get the best cup of coffee (or pint) when I get there!*

I would highly recommend this course if you are one of those who either just sit bewildered and overwhelmed when someone suggests you 'check out our QR code!' or you just give in and ask your children (or, in my case, grandchild) to do these sort of things for you. I now feel much more confident that I can do more than just text or call on my mobile phone.

Ask Kay, Peter or Jo for details of how to sign up for this course.
