### Focus on our World.

Tearfund is an evangelical Christian organisation that works with partner churches in over fifty of the poorest countries in the world.

They are called to reflect the biblical unity of faith and life, of history and eternity, and the proclamation and demonstration of the Gospel.

The Caribbean country of Haiti was struck by a massive earthquake on 14<sup>th</sup> August followed by tropical storm Grace. This combination has hampered relief work for those affected. Almost 2,000 people are known to have died and many buildings have been reduced to rubble.

Tearfund is providing hygiene items, shelter and cash grants to allow the affected population to start on the road to recovery. Since the last major earthquake in 2010, Tearfund has trained many young people to act as first responders. The impact of this training was seen as many of them were first on the scene in some areas and were able to identify the immediate needs.
